

# 2011 Loaned Executives

During the peak campaign season, United Way calls on FedEx to lend our best and brightest employees to assist with the development and implementation of workplace campaigns. Specifically, Loaned Executives take leave from their current FedEx positions for three months to lead United Way campaigns within local corporations. Our Loaned Executives keep United Way fund raising costs low and, in return, United Way provides a unique management program for FedEx employees who wish to further their careers while making a difference in their communities.
